General Fusible Appliqué Instructions

1. Trace appliqué patterns onto paper side of fusible web. If patterns are directional, reverse for fusible appliqué.
2. Cut out pieces approximately ¼" beyond the traced lines.
3. Remove paper from underside (for Steam-a-Seam), and with the fusible side down, iron onto the **WRONG SIDE** of the appliqué fabric following manufacturer's instructions.
4. Cut out pieces on the traced lines. Remove paper and position appliqué pieces onto quilt, fusible side down. Iron in place, following manufacturer's directions. If desired, blanket stitch appliqué pieces by hand or by machine.
